

QRCS inks pact with Qatar Diabetes Association

21 October 2018 | News | By Manbeena Chawla

This MoU is valid for two years to provide the necessary services according to the needs of patients.

Qatar Red Crescent Society (QRCS) and Qatar Diabetes Association (QDA), a member of Qatar Foundation, signed a Memorandum of Understanding (MoU) to co-operate in supporting and assisting diabetes patients in the country.

The MoU was signed by the Executive Director of Qatar Diabetes Association Dr Abdullah Omar al-Hamaq and Executive Director of QRCS Yousef Abdullah al-Sada.

The MoU reflects the interest of the QRCS in co-operation and partnership with various State institutions, especially as it places medical and health services at the top of its priorities in the development of the community through a variety of programmes and activities.

This MoU is valid for two years to provide the necessary services according to the needs of patients, in order to achieve a healthy, comfortable and safe environment by covering the costs of treatment of those unable, based on social case studies to determine their eligibility for assistance.
