This annual international research prize of US\$25,000 is awarded to young scientists for their outstanding contributions to neurobiological research.

eppendorf & Science PRIZE FOR NEURO BIOLOGY

Eppendorf and the journal Science are now accepting applications for the 2019 Eppendorf & Science Prize for Neurobiology.

This annual international research prize of US\$25,000 is awarded to young scientists for their outstanding contributions to neurobiological research based on methods of molecular and cell biology. Researchers who are not older than 35 years are invited to apply by June 15, 2019. The winner and finalists are selected by a committee of independent scientists, chaired by *Science's* Senior Editor, Dr. Peter Stern.

The 2018 prize was won by the German scientist Johannes Kohl, Ph.D. for his research on neural mechanisms underlying parental care.
