

Roya.com partners with Compliancy Group

28 January 2019 | News

Roya will lend their best practices in regards to conversion focused web design to elevate the digital strategies for those leveraging the HIPAA Compliance Solutions tools and software.

Roya.com is pleased to announce a new Partnership with Compliancy Group offering medical professionals HIPAA Compliant, AMP powered custom websites

Roya.com, an industry leader for custom website design and digital marketing strategy has partnered with Compliance Group, the most trusted name in HIPAA compliance, to assist medical professionals with high converting, custom, Google AMP websites that satisfy the HIPAA requirements and earning the Compliancy Group Seal of Compliance™.

With both companies having a shared goal in assisting their clients with digital solutions, collaboration between Compliancy Group and Roya.com was naturally formed. Roya will lend their best practices in regards to conversion focused web design to elevate the digital strategies for those leveraging the HIPAA Compliance Solutions tools and software.

Roya.com's proprietary Canvas® CMS Platform has proven to be an extremely effective Medical Marketing Platform by improving online positioning and reducing management time needed to run a successful multi-channel digital marketing campaign. With Roya's Canvas® best-in-class marketing platform, clients have access to a professionally supported SaaS platform and confidence in their digital strategy, which complements the peace of mind clients get from Compliancy Group's Compliance Coaches and Software to ensure their online presence, is HIPAA compliant.
