

DarioHealth partners with the American Diabetes Association

03 May 2019 | News

DarioHealth's mission is to support people with diabetes and other chronic conditions in the U.S. and around the world

Global digital therapeutics innovator, DarioHealth Corp. announced that it is partnering with the American Diabetes Association as a Living Red Sponsor of NYC - Step Out[®]: Walk to Stop Diabetes[®].

This partnership advances the ADA's mission to prevent and cure diabetes while improving the lives of all people with the disease.

Dario will publish several studies performed using de-identified data from its broad data base of users, demonstrating the clinical benefits of its Digital Therapeutics (DTx) solution to help improve life with diabetes and achieve clinically-proven results at the ADA's 2019 Scientific Sessions conference in June 2019.

Dario offers a user mobile application to engage and educate its users on topics ranging from diabetes management to healthy nutrition and exercise as well as a platform that allows healthcare professionals to access collected data and to provide recommendations to the individuals they are supporting. Data is collected from devices such as the acclaimed Dario 3-in-1 blood glucose meter and other applications. Dario is an open system accepting connections with third party devices and external health coaches. It delivers aggregated analytics demonstrating the efficacy of its interventions.

Dario's digital platform has delivered tangible results to tens of thousands of users in the U.S. and abroad, and it has received outstanding reviews on the Apple store (4.9 / 5.0 with close to 5,000 reviews) and Google Play (4.3 / 5.0 with more than 2,000 reviews).
