Medicare Taiwan: Innovative products on display

**Taipei:** Asia's largest medicare show opened in Taipei, Taiwan, to a great display of medical care and elderly care products. The <u>opening ceremony</u> showcased nine indigenously developed products that are path-breaking in their technology and design in the healthcare sector.

The nine products showcased at the twin exhibition were <u>IMAGER-37 PILLOW</u> by Seda Chemical Products, <u>smart phone blood pressure monitors</u> by Evastar-77 departments, <u>Carease wireless wetness care system and inductive diaper</u> by Golden Com International, <u>GPS shoe</u> by Glorious Union Medtech, <u>Digital Non-Mydriatic Fundus Camera</u> by Crystalvue Medical, <u>Smart i-Oximeter</u> by Comdek Industrial, <u>Stretchable ROM leg Immobilizer Pro</u> by I-Ming Sanitary Materials, <u>EZsleep Sleep</u> Quality Recorder by Platinum Team and Atigra by Karma Medical Products.

The footfalls at the event are expected to cross 60,000 this year. There are a line-up of procurement meetings, conferences, professional medical services, diverse mobility aid devices and lease services, making it the largest annual event for Asia.
