BioTek gets recognition as 2019 Ã¢â?¬Ë?Vermont Business Growth Award' Winner

August 14, 2019 | News

BioTek will be recognized as one of the winners in the Technology category for the company's 67.4% growth over the past five years

Think Possible

BioTek®

BioTek Instruments will be recognized as a 2019 Vermont Business Growth Award winner at a ceremony to be held September 17, 2019, at the Hilton Hotel Burlington, in Burlington, VT. This award is presented annually by *Vermont Business Magazine* and KeyBank, acknowledging twenty-five Vermont businesses that have experienced the greatest growth over the past five years.

BioTek will be recognized as one of the winners in the Technology category for the company’s 67.4% growth over the past five years. This is the seventh time that the company has received this award.

“We are honoured to be recognized as one of the 2019 growth award winners” noted BioTek’s President and CEO, Briar Alpert. “BioTek continues to make significant investments in all departments which we feel will position BioTek to continue this strong growth into the future.”

BioTek Instruments, Inc., headquartered in Winooski, VT, USA, is a worldwide leader in the design, manufacture, and distribution of innovative life science instrumentation. Our comprehensive product line includes cell imaging systems, microplate readers, washers, dispensers, automated incubators and stackers. These products enable life science research by providing high performance, cost-effective analysis and quantification of biomolecules, biomolecular interactions and cellular structure and function across diverse applications. BioTek espouses a "Think Possible" approach that sets the tone for fresh ideas, unsurpassed customer service and original innovations.
