

BioSpectrum Job Alert : Senior Marketing Manager – Instrument & Enterprise Services

27 April 2021 | News

Posted on the behalf of Thermo Fisher Scientific Company Location Singapore.

Position Summary

There is an exciting opportunity to join a growing and vibrant Asia Pacific and Japan (APJ) team in a well-established leading global scientific company. We promise that no two days will be the same with a challenging yet rewarding environment working to make the planet a safer and healthier place. Based in Singapore, the Strategic Marketing Leader – Instrument Enterprise Services (IES) will coordinate and drive demand generation activities to deliver profitable growth across our APJ business.

The Marketing Manager IES APJ ensures that APJ can fully exploit the sales and profit potential of the Instrument and Enterprise Services Division's products/solutions. The primary responsibility of the role is to understand and anticipate customers' needs and strategically position products/solutions to generate leads for the sales teams. They also enable IES to act on market specific customer insights and competitor strategies as inputs into product/solutions' roadmap (features and economic benefits).
