Korea helps India prepare for 3rd COVID-19 wave

July 26, 2021 | News

Gives away medical supplies worth Rs 3.7 million

From L-R: Rajiv Kumar (CII), Vashali Srivastava (CII), Jasmine Shah (DCC), MY Kim (KOTRA), Myunglae Choi (KOTRA), Jeonghun Chae (KOTRA), Sunjung Kim(KOTRA), Saumya Vaishya (KOTRA)

Six South Korean companies have joined hands to offer their help to the Delhi government, India with medical equipment and other supplies.

The medical supplies that are worth more than Rs 3.7 million include Oxygen Concentrator, Personal Protective gowns, high-end Masks, Pulse Oximeters, and Sanitizing Material and will be distributed to government hospitals and public health facilities in Delhi in the event of 3rd COVID wave.

Koren government's apex trade promotion department Korea Trade-Investment Promotion Agency (KOTRA) in collaboration with the Confederation of Indian Industry (CII) has handed over medical equipment and other supplies to the Dialogue and Development Commission (DDC) as part of Delhi government's fight against COVID-19.

It consists of Oxygen Concentrators with a nasal cannula (LE Corp.), 10,000 Personal Protective Gowns - PPE (Wallan Bio), 200 KG of Sanitizing Material (G-Sol), 60000 high-quality KF94 masks (Siheontech, GAONTech), and 100 Pulse Oximeters (MTEC Global).

These will be distributed to government hospitals and public health facilities in Delhi that are in need of help in the event of the 3rd COVID-19 wave.
