Rockwell Automation appoints Mariya Prempeh as new Singapore Country Manager

January 16, 2023 | News

Mariya has more than 10 years experience in sales and marketing

Rockwell Automation, dedicated to industrial automation and digital transformation across sectors including pharma and healthcare, has appointed Mariya Prempeh as country manager for Singapore, effective immediately. Mariya will be responsible for the company's business operations and direct sales in the country. She reports to Marcelo Tarkieltaub, regional director for Southeast Asia, Rockwell Automation.

Mariya has more than 10 years experience in sales and marketing, working with enterprises across the globe in a various of technology sectors. Prior to joining Rockwell Automation, she was the Singapore general manager for Leica Geosystems, part of Hexagon. At Leica Geosystems, she was responsible for creating a diverse high-performing team and helping the company achieve strong financial growth despite COVID-19.

Mariya was also formerly with Hilti Corporation, a multinational company that develops, manufactures, and markets products for the construction, building maintenance, energy and manufacturing industries.

Rockwell Automation has been in Singapore since 1991. The country acts as the Asia Pacific and Southeast Asia headquarters with facilities including a large-scale manufacturing facility and a customer experience centre. The company is currently supported by a strong partner network of close to 200 distributors and system integrator partners across Southeast Asia.
