

Siriraj Hospital opens new healthcare centre in Thailand

25 July 2023 | News

Offering various activities to enhance the well-being and longevity of recipients

Prof. Apichat Asavamongkolkul, Dean of the Faculty of Medicine Siriraj Hospital, Mahidol University, Thailand together with Siriraj's executive members, recently inaugurated the launch of 'Siriraj H Solutions,' a holistic healthcare centre located outside the hospital, aiming to provide affordable healthcare services in cooperation with ICS Lifestyle Complex.

The centre's primary objective is to establish proactive healthcare services for all groups of Thai people, both current and new recipients, ensuring easy access to facilities and services.

The centre will offer comprehensive medical services in five key areas: deep health assessment, preventive care, enhancing balance, Rehabilitation, and slowing down the degenerative process.

These services will be available through 16 clinics, such as the General Medicine Clinic, Non-Communicable Diseases Health Promotion Clinic, Health Check-up Center, Vaccination Center, Men's Health Clinic, Women's Health Clinic, Pediatrics and Adolescent Clinic, Mental Health Clinic, Sports Performance Enhancement Center, Physical Rehabilitation Clinic, Dermatology and Beauty Laser Clinic, Sapaya (Traditional Thai Medicine) Clinic by Siriraj's Applied Thai Medicine Physicians, Specialty Clinic, and Tanayarak (Holistic) Center.
