

Wohl begins to buy & sell used pharma equipments

19 June 2013 | News | By BioSpectrum Bureau

Singapore: US market leader in used processing and packaging industries, Wohl Associates, has begun to sell used pharmaceutical equipment.

The products on the inventory include top brand names like Burkhard, Accelacota, Stokes, Cozzoli, King and can be utilized by production facilities in many different sectors of the industry.

The company has products like stainless steel coating pans, pouching and encapsulating machines, mixers, form/fill/seal machines and more on sale.

The company has been constantly acquiring new machinery in order to maintain a selection of equipment from a wide range of manufacturers.

The US-based company also buys and sells equipment for use in food processing and packaging operations. The equipment

that can be found here includes bakery equipment, labelers, packaging machines, plastics equipment, ribbon blenders, stainless steel kettles and tanks, and equipment for the coffee production industry among others.
