

Indonesia inks MoUs with China for new collaborations in biotech & healthcare sectors

01 August 2023 | News

Ministry of Health Indonesia and Tsinghua University sign a strategic cooperation agreement

The Indonesia-China Healthcare and Biotech Investment Forum, co-hosted by the Embassy of the Republic of Indonesia in China and the Indonesian Chamber of Commerce and Industry Bilateral Committee for China (KIKT), and supported by Legend Capital and Indonesia Chamber of Commerce in China (INACHAM), was recently held at the Shangri-La Hotel in Chengdu.

A total of 120 people, including Indonesian government officials, scholars, business people and leading Chinese healthcare companies, attended the event to jointly discuss the direction and opportunities for the development of healthcare and biotech in China and Indonesia.

Under the witness of the Minister of Health Indonesia and relevant government officials, the Ministry of Health Indonesia and Tsinghua University (China) signed a strategic cooperation agreement.

At the same time, a signing ceremony was also held between Chinese and Indonesian companies, whereby Chinese companies, including Sansure Biotech, Walvax Biotech, CanSino Bio, BGI, Sinovac Biotech, Zhifei Biological, and Wondfo Biotech, together with Indonesian companies such as UBC Medical, ETANA, Kalbe Farma, BioFarma, and Kimia Farma, reached partnership agreements, jointly supporting the coordinated development of the healthcare fields in China and Indonesia.

2023 is the 10th anniversary of the establishment of the China-Indonesia Comprehensive Strategic Partnership and is also a year of opportunities for both countries. With the joint efforts of both sides, it is believed that the collaborative development of China-Indonesia in healthcare fields will undoubtedly contribute to the building of a community with a shared future for human health.
