Zylox-Tonbridge Secures Market Approval for Five Innovative Medical Devices in the UAE

February 22, 2024 | News

In a landmark development for medical device innovation and accessibility in the Gulf region, Zylox-Tonbridge (2190.HK) has successfully received marketing approval from the Ministry of Health and Prevention in the United Arab Emirates for a suite of its cutting-edge products. This approval encompasses the ZENFluxionÃ¢â??Â¢ Drug-coated PTA Balloon Catheter, ZENFlowÃ¢â??Â¢ HP PTA Balloon Catheter, ZENFlowÃ¢â??Â¢ PTA Balloon Catheter, ZENFlexÃ¢â??Â¢ Peripheral Stent System, and ZENFLEX ProÃ¢â??Â¢ Peripheral Drug-eluting Stent System.

This milestone not only signifies Zylox-Tonbridge's inaugural market approval in the Gulf but also underscores its commitment to broadening its reach in the Middle East and furthering its global business strategies.

Zylox-Tonbridge, a frontrunner in the medical device industry, specializes in peripheral and neurovascular interventions. The company's rapid international expansion is a testament to its dedication to innovation, quality, and the provision of comprehensive healthcare solutions. Currently, Zylox-Tonbridge's products are available in over 20 countries and regions, where they are lauded for their innovative design and superior quality.

The Middle East, buoyed by economic expansion and demographic shifts, represents a crucial overseas market for Chinese medical device manufacturers. Zylox-Tonbridge has actively pursued opportunities in this region, participating in key industry events such as the Arab Health Exhibition to showcase its product offerings and reinforce its standing in the global marketplace. Moreover, the company's strategic establishment of a warehouse and logistics center in Italy is aimed at enhancing service delivery to healthcare providers and patients across Europe, the Middle East, and Africa.

The UAE's approval of these five Zylox-Tonbridge products is poised to accelerate growth in the Middle Eastern markets, offering local patients access to high-quality, affordable, and innovative medical devices. This achievement marks a significant step forward in Zylox-Tonbridge's mission to impact global healthcare through advanced medical technology.
