**This strategic move further strengthens NephroPlus' position in Philippines**

NephroPlus, a multinational leader in dialysis care and Asia's largest dialysis network, has announced the recent acquisition of Renal Therapy Solutions Inc. (RTSI), a well-known dialysis network with six clinics in Philippines.

With a strong presence in India, Nepal, Uzbekistan, and the Philippines, NephroPlus' mission is the unwavering commitment to quality guest care where, the organisation believes in touching and transforming the lives of people on dialysis, enabling them to lead long, happy, and productive lives.

This month, World Kidney Day is being celebrated on March 14 with the theme 'Kidney Health for All - Advancing Equitable Access to Care and Optimal Medication Practice.' NephroPlus is thus reinforcing its dedication to delivering outstanding guest care for dialysis patients. This strategic move further strengthens its position in Philippines as the third largest dialysis network, with 27 clinics with new coverage in Luzon and Visayas.

Vikram Vuppala, Founder and CEO – NephroPlus stated, "Our shared commitment to improving chronic kidney patient lives through patient-centric, efficient, and quality healthcare is the foundation of our 14-year journey globally and 3-year journey in the Philippines. We remain focused on delivering high quality dialysis to the people of the Philippines. This acquisition marks a significant milestone in NephroPlus' global expansion strategy, solidifying its presence in the Philippines. The addition of RTSI's six well-established clinics enhances NephroPlus' ability to reach and serve a broader community, particularly in key locations such as Caloocan, Novaliches, Bacolod, Mindoro, and Bohol."
