

BioSpectrum Asia sets the tone for Excellence Awards 2024 at Singapore on 6 December

18 October 2024 | News

Witness the convergence of brilliance as we recognize the industry's finest at this much-anticipated awards night

To recognise and celebrate the remarkable achievements and contributions of Asian companies and individuals in the life sciences sector, BioSpectrum Asia is proud to present the BioSpectrum Asia Excellence Awards 2024.

Set to take place on December 6 in Singapore, this prestigious event will honour the outstanding performers of the calendar year 2023 & 2024, underscoring Asia's emergence as a global hub for innovation and growth in the life sciences industry.

The BioSpectrum Asia Excellence Awards 2024 comprises of two segments- **Jury Special and Industry Special Awards**. While the winners of the Jury Special segment will be announced at the event, here are the names of the companies that have been selected as winners for our **Industry Special** segment-

Top Company for Bioprocessing - Eppendorf

Top Company in Manufacturing Technology & Equipment - Cytiva

Top Company in Packaging & Drug Delivery Services - West Pharma

Top Company in Supply Chain Logistics & Distribution – Catalent Pharma Solutions

Top Company in Clinical Research-Based Development - Medidata

Top Innovation & Collaborations in ADC Drug Development – GenScript Biotech

Innovative Biotech Solutions Awards - Ardor Biomed India

Emerging AI Powered Drug Discovery Platform - Molecule AI

Top Company in Medical Packaging - Oliver Healthcare Packaging

Outstanding Leadership in MedTech Advocacy in Asia-Pacific Award- Special Recognition – APACMed

In conjunction with the prestigious BioSpectrum Asia Excellence Awards 2024, we are excited to host a panel discussion on the critical topic: **"Biomanufacturing: Advancing Towards a Sustainable Bioeconomy in Asia."** powered by **Cytiva**. As the demand for biopharmaceutical products such as vaccines, insulin, monoclonal antibodies, and cancer treatments grows, particularly in low- and middle-income countries, there is an urgent need for a robust global biomanufacturing ecosystem. This panel will explore how emerging and established biopharma companies can leverage advanced biomanufacturing technologies to meet this demand while fostering a sustainable bioeconomy in Asia.

BioSpectrum Asia is playing the role of picking tomorrow's winners, nudging today's entrepreneurs to achieve greater glory and honouring yesterday's key players who laid the foundation for success.

We hereby invite you to attend the star-studded evening with your team at Lavender Ball Room, Hotel Fort Canning in Singapore on 6th December 2024, 6pm onwards, to network with all stakeholders of the life sciences sector in Asia.

About BioSpectrum Asia Awards-

Back in 2006, the Asia edition of BioSpectrum was launched to chronicle the growth of the Life Sciences sector in the Asia region. Since its launch in March 2006 in Singapore, the magazine has been successful in bringing an Asian flavour to the world of life sciences, dominated for over a century by global companies.

BioSpectrum Asia's inaugural Life Sciences Industry Award was conceptualised in 2008 and the event took place in 2009. After organising several successful annual events to celebrate and recognise leadership, entrepreneurship and innovation in Asia's life sciences industry since 2009, and with a small gap in between, we are now back to continue this legacy forward in 2022.
