

COPHEX 2025 to highlight key technologies in pharmaceutical, biotech and cosmetics industries

12 April 2025 | News

Co-hosted with ICPI WEEK, featuring 1,200 companies and over 4,000 booths

COPHEX 2025, the International Pharmaceutical, Bio, and Cosmetics Technology Exhibition, organised by Kyungyon Exhibition Corp., will take place from April 22 to 25, 2025 at KINTEX1, South Korea.

As it marks its 20th anniversary, COPHEX has established itself as the premier event for introducing cutting-edge manufacturing and quality improvement technologies to the pharmaceutical, biotech, health functional food, and cosmetics industries.

The exhibition continues to be a key platform for industry advancements, regulatory policies, and the latest technological innovations.

Industry Leaders Gather to Showcase Latest Technologies

COPHEX 2025 will feature top domestic packaging machinery manufacturers, including **Heung-A**, **Countec**, **Young Tech Pack**, **PTK**, **Cube Gel**, **Anam Automatic**, **Daeyong Pharmatech**, **Isu ENG**, **HD Pack**, **A-Tech INC**, **Sunjin SM**, and **Nongshim Engineering**. The exhibition will cover a wide range of products such as blister packaging machines, tablet counters, automated packaging machines, tablet press and coating machines, liquid and powder filling packaging lines, labeling machines, and inspection systems, all designed to enhance quality control and automation in packaging processes.

Leading global brands, including **ROMMELAG, BREVETI, FEDEGARI, NIKKA DENSOK, AMCOR, BAUSCH STROEBEL, FETTE, OPMI, STERIS, KORSCH, OPTIMA, KÖRBER, GERRESHEIMER, HEUFT, and WEST PHARMACEUTICAL**, will also participate, showcasing state-of-the-art packaging and processing technologies, such as tablet presses, filling machines, inspection systems, and sterilizers.

ESG Sustainable Packaging Fair: Addressing Environmental Regulations

In response to the growing emphasis on environmental regulations, COPHEX 2025 will introduce the ESG Sustainable Packaging Fair. This dedicated section will present eco-friendly packaging solutions, while a two-day ESG Packaging Forum will feature industry experts discussing regulatory strategies and sustainable technologies.
