

Indian Pharma Convention kick starts in Sept

18 July 2013 | News | By BioSpectrum Bureau

Mumbai: Indian Drug Manufacturers' Association (IDMA) along with Association of Pharmaceutical Analysts (APA) are organizing the 16th Pharmaceutical Analysts Convention on September 27-28, 2013, at hotel Hyatt Regency in Mumbai, India.

The main theme for this year's event is 'Generics the game changer'. Dr B Suresh, vice chancellor, JSS University, Mysore; and president, Pharmacy Council of India, New Delhi, will be the chief guest of the event.

The event will see eminent experts in analysis, research, academia and regulatory spheres from the Indian pharmaceutical industry, converge and get-together to interact on various recent developments. This year's convention is looking to update and exceed the current regulatory requirement and science-based systems approach in pharmaceutical industry.

The convention is designed to cater to all individuals who are part of the pharmaceutical industry, biopharmaceutical industry, biotechnology Industry, nutraceutical Industry, microbiological industry, government laboratories, research institutions, academic institutions, business consulting companies, contract manufacturing organizations, contract research organizations, r & d equipment / machine manufacturers, supply chain management, API, excipients and intermediates manufacturers, and CROs.

The participants get many business opportunities such as facilitated networking and benchmarking, exploring new products and solutions, interacting with national and international regulators, driving innovations, branding opportunities, and networking opportunities. You can visit www.idma-assn.org in order to get further details regarding the event or register for it.
