

BioPharma Asia: Quintiles wins 'Best CRO in Asia' Award

17 March 2014 | News | By BioSpectrum Bureau

Singapore: Quintiles was awarded the Best CRO in Asia at 2014 BioPharma Asia Industry Awards held during BioPharma Asia Convention in Singapore.

The award recognizes the contract research organization that has best demonstrated an ongoing commitment to improve clinical research in Asia and help customers succeed.

"This award reflects Quintiles' ability to improve our customers' probability of success by combining market knowledge with superior service," said Dr. Ken Lee, Quintiles Vice President and Regional General Manager for Southeast Asia, who accepted the award. "For 20 years we've been helping our customers navigate Asia's complex and changing healthcare environment. It's wonderful to be acknowledged for our excellence in bringing knowledge and people together for a healthier world."
