Singapore: In this newly created position, Ms Monge will focus on sharpening SSB's profile as an integrated solution provider for the biopharmaceutical industry.

Ms Monge brings in more than 20 years of experience in the biopharmaceutical manufacturing sector and has served, most recently, as the vice president of sales and marketing at the consultancy Biopharm Services.

She is a committee member of the International Society for Pharmaceutical Engineering (ISPE) and one of the founders of the Global Disposable Community of Practice.

She regularly authors articles for technical bioprocess journals, analyzing the impact of disposable technologies on biomanufacturing.
