Eisai establishes presence in China

Singapore: Japan's pharmaceutical company, Eisai, has established its presence in China by setting up a holding firm, Eisai China Holdings in Suzhou, Jiangsu Province, China.

Eisai China Holdings is a subsidiary of Eisai Asia Regional Services which is Eisai's representative subsidiary for Asia located in Singapore.

With the establishment of this new company, Eisai China Holdings will integrate the Chinese domestic subsidiaries Eisai China and Eisai (Suzhou) Trading to strengthen various functions including accounting, legal and compliance, and also create a flexible capital transfer system to respond to capital demands, in order to optimize the management of business in China.
