EZsleep Sleep Quality Recorder

Company: Platinum Team
Dimension: 5(diameter)x1.5 cm
Weight: 0.28kg

It is the lightest, leadwire-free and interference-free portable sleep examination device in the world. Simple and easy-to-operate, it fits with any sleeping position. Detailed and diversified sleep analytical report generated by it provides sleep apnea or hypopnea index and sleep quality information, such as sleep latency, duration and proportion of deep sleep, shallow sleep and dream and wakefulness.
