Labcorp Singapore Bioanalytical Services and Central Laboratory Expansion Launch 2021.

October 25, 2021 | News

Witness a milestone in Labcorp Drug Development history as we inaugurate Labcorp's largest integrated laboratory in APAC through Labcorp's Bioanalytical Services and Central Laboratory Expansion Launch 2021.

Event Details:

Date: Wednesday, 10 November 2021

Time: 10am to 12.30pm

Venue: 1 International Business Park Rd, The Synergy, Singapore 609917

Event Format: Virtual

- Opening remarks by Mr Gan Kim Yong, Singapore's Minister for Trade and Industry
- Keynote presentation by Ms Claudine Rigal, Senior Director, Laboratory Operations APAC
- Virtual laboratory tour
- Scientific sessions by industry experts

Publicly held online through an immersive digital event space, the lab tour and scientific sessions will enable attendees to have a firsthand experience of Labcorp's expertise in the respective scientific fields and full-service of regulated and non-regulated services, supporting the development of both small and large molecular entities.

With this new development, our clients can expect:

- Good Laboratory Practice (GLP)- and Good Clinical Practice (GCP)-compliant bioanalysis
- Liquid chromatography-mass spectrometry (LC-MS) and immunochemistry platforms
- Discovery and clinical biomarker analytical services
- Synergy between Central Lab and Bioanalytical Lab
- Fast data turnaround for early phase trials in APAC
