Indian pharma major Lupin inks partnership agreement with Foncoo for China

January 19, 2022 | News

Lupin has 15 manufacturing sites, 7 research centres, more than 20,000 professionals working globally

India-based Lupin has entered into a partnership with Shenzhen Foncoo Pharmaceutical Co Ltd (Foncoo). This is Lupin's first partnership arrangement in China and reinforces Lupin's commitment to bringing high quality generic and complex generic medicines to patients around the world.

Dr Fabrice Egros, President – Growth Markets, Lupin said, "Lupin continues to invest in key growth markets. With China's growing commitment to affordable and accessible healthcare, Lupin is committed to serving the healthcare needs of the Chinese population by providing high quality generic and complex generic products. We are very excited about our partnership with Foncoo. We will continue exploring additional partnership opportunities in China to leverage our global portfolio including complex generics and specialty medicines."

Peng Yan, General Manager, Foncoo said, "Foncoo's successful experiences on importing registration and marketing of the generic formulations and Lupin's strong capability of making high-quality medicines make our perfect match to each other and our collaboration will have a bright future most likely. We expect that the successful launch of our first product in China will come smoothly and soon. We will also continue exploring more opportunities to work with Lupin for providing more and more high-value and complex medicines to the Chinese physicians and patients."
