- Achievements in CY 2021
- Challenges faced & solved in CY 2021
- Novelty/ Uniqueness added in CY 2021
- Competitive advantage
- Other efficiencies in CY 2021

These awards are an extension to observe and highlight the winners in the long battle to tackle the world's emerging health problems and find solutions. Since the years 2020 and 2021 were majorly affected by the COVID-19 pandemic, we saw the industry players relentlessly working towards developing novel solutions in the form of diagnostic tests, vaccine, monoclonal antibodies, drugs etc. to fight the emergency.

BioSpectrum Asia is playing the role of picking tomorrow's winners, nudging today's entrepreneurs to achieve greater glory and honouring yesterday's key players who laid the foundation for success.

We hereby invite you to attend the star-studded evening with your team at Lavender Ball Room, Hotel Fort Canning in Singapore on 2 December 2022 to network with the winners of BioSpectrum Asia Excellence Awards 2022.

About BioSpectrum Asia Awards-

Back in 2006, the Asia edition of BioSpectrum was launched to chronicle the growth of the Life Sciences sector in the Asia region. Since its launch in March 2006 in Singapore, the magazine has been successful in bringing an Asian flavour to the world of life sciences, dominated for over a century by global companies.

BioSpectrum Asia's inaugural Life Sciences Industry Award was conceptualised in 2008 and the event took place in 2009. After organising several successful annual events to celebrate and recognise leadership, entrepreneurship and innovation in Asia's life sciences industry since 2009, and with a small gap in between, we are now back to continue this legacy forward in 2022.
