Improving patient outcomes is a priority. Investing in digital solutions that ingest and integrate patient data quickly can help achieve this goal.

Learn how healthcare leaders are using cloud solutions to transform their data strategies.

During the webinar, you'll hear experts from Southwestern Health Resources and AWS Marketplace discuss healthcare modernization through cloud solutions.

The discussion will focus on how to:

- Understand flexible platforms for data-intensive applications
- Ingest and integrate patient data to improve outcomes
- Drive cost efficiencies

• Use data insights to inform treatment strategies
• Leverage solutions in AWS Marketplace from Arcadia, Lyniate, and ClearDATA
